ASSISTANT MANAGER PPC

Job Description:

Collaborate with the production team to create a production schedule, ensuring efficient utilization of resources, such as machinery and labor, to meet production targets. Monitor and manage raw material and finished goods inventory levels to avoid shortages or excess, optimizing working capital. Ensure that production processes adhere to quality standards and work with quality control teams to rectify deviations. Develop daily, weekly, and monthly production schedules based on customer orders, demand forecasts, and available capacity. Allocate labor, equipment, and materials to different production tasks, considering the priority of orders and production constraints. Monitor production costs, including labor and materials, and implement cost-saving measures when necessary. Prepare regular reports on production progress, performance, and any issues that may impact production targets.

Qualification & Experience:

- Bachelor's degree in relevant field.
- Experience: 02/03 Years Minimum of relevant experience.

Skills Required :

- Proficiency in using software for production planning and scheduling.
- Analytical skills to interpret production data and make informed decisions.
- Knowledge of inventory control techniques and best practices.
- Ability to manage production costs and identify cost-saving opportunities.
