

CAREER OPPORTUNITY

Our Client, a Karachi based company seeks to appoint experienced professional for the following role:

MIDDLE MANAGEMENT POSITION - BUSINESS PROGRAM MANAGEMENT

As part of the team of Business Program Management, you will be responsible for the overall development and implementation of redesigned/reengineered processes.

Key Responsibilities

- Work in close coordination with Business Process Re-engineering team for the development of re-designed/re-engineered processes.
- Collaborate with cross functional teams to define, plan and execute digital transformation programs aligned with the company's strategic objectives.
- Develop and maintain detailed project plans, timelines, budgets, ensuring adherence to deadlines and resource allocation.
- Monitor project progress and identify potential risks or issues, implementing effective mitigation and strategies to ensure successful outcomes.
- Coordinate with stakeholders at all levels to ensure clear communication and alignment throughout the program lifecycle.
- Provide leadership and guidance to project teams, fostering a culture of innovation, collaboration and accountability.
- Analyze program performance metrics and prepare regular reports for senior management, highlighting achievements, challenges and recommended actions.
- Stay abreast with industry trends and best practices in digital transformation, bringing fresh insights and ideas to the team.

Education

- Minimum 16 years of education preferably masters from a renowned HEC recognized university or institution / equivalent foreign degree holder preferably in Business Administration, Management, Computer Sciences, Engineering or equivalent.

Experience

- Preferably 6-8 years of professional experience in a large national/multinational organization with at least 3-6 years of related functional experience in a similar role at an equivalent position or in one level below position.

Requirements

- Excellent leadership and strategic decision-making skills.
- Demonstrated ability to drive and implement process improvements and resource optimization.
- Proven track record of developing and implementing successful corporate strategies.
- Demonstrated experience in managing key stakeholders and government relationships.
- Proficiency in SAP is preferable.
- Sound financial and accounting knowledge.

Age

- The candidate should preferably be not more than 40 years of age as of last date of submission of application.

If you have the required experience and educational qualification to take up the challenging role, you are requested to apply by **November 15, 2023** at <http://jobs.hrs-int.com/>

Only shortlisted candidates will be contacted.
