

CAREER OPPORTUNITY **SENIOR MOTOR WINDER**

LOCATION: PLANT SITE, BHALWAL

WHAT WE ARE LOOKING FOR:

- We are seeking a highly skilled and experienced Professional Motor Winder to join our team. The ideal candidate will be responsible for the diagnosis and repair of burnt-out motors through effective troubleshooting and proficient rewinding techniques. The role requires a deep understanding of motor winding principles, electrical systems, and the ability to work with various types of motors
- 6-8 years of Motor Winding experience from any industry with acquired qualification of DAE Electrical
- Conduct thorough inspections to identify the root causes of motor failures, particularly burnt motors
- Utilize diagnostic tools and testing equipment to assess electrical and mechanical issues
- Analyze motor components to determine the extent of damage and recommend appropriate repair or replacement
- Strong hands-on Experience on Motor Winding, Motor Troubleshooting
- Perform skilled rewinding of various types of motors, ensuring compliance with manufacturer specifications and industry standards
- Select and use appropriate materials, such as insulating materials and copper wire, for rewinding purposes
- Calculate and measure wire sizes, turns, and other specifications to achieve optimal motor performance
